

Pressure and Temperature Resistant Electric Detonator

Description

Pressure and temperature resistant Electric Detonator is used in exposed situation.

Specification

Part Number	EDE143021
Temperature and Pressure Rating	302°F (150°C) / 14400 psi / 1 Hour
Explosive Type and Weight	250mg pbN6
	1000mg RDX

Electrical Parameters

Resistance	50±2Ω	
Current	No Fire	0.2 A
	All Fire	0.8 A
Electrostatic sensitivity (Valid for pin to pin, pin to case, Shorted pins to case)	7 Kv/2000 pf 25Kv/500 pf/5 kΩ	

Packing Information

Package (Pcs)	1
Package Type	Wooden Box + Vacuum Bag
Dimensions of box (cm)	-
Net Weight per box(Kg)	-
Gross Weight per box (Kg)	-
