

Percussion

Description

Temperature and pressure resistant Percussion initiator that is used in Mechanical or Hydraulic Firing Head.

Specification

Part Number	EDE204801
Temperature and Pressure Rating	250°C(482°F) / 20,306 psi / 1 Hour
Explosive Type and Weight	85 mg pbN6 (1.31 grains)
	450 mg HNS (6.94 grains)
Gap for igniting HMX	1 in (25 mm)
Gap for igniting HNS	0.80 in (20 mm)

Firing Characteristics

No Fire	Ball Weight	2.2 lbm (1 kg)
	Drop Height	15.75 in (40 cm)
All Fire	Ball Weight	2.2 lbm (1 kg)
	Drop Height	78.7 in (200 cm)
Minimum Impact Velocity	4.5 m/s	

Packing Information

Package (Pcs)	50
Package Type	Wooden Box + Vacuum Bag
Dimensions of box (cm)	-
Net Weight per box(Kg)	-
Gross Weight per box (Kg)	-
